Women in Tech Fund Application

Official Financial Aid Statement & Personal Essay

Applicant Name: Mya Mya | **Student Email:** mya@example.com | **Grant Program:** Women in Tech Fund

Personal Purpose Statement:

I am applying for the Women in Tech Fund to transition fully into backend software development and mobile system engineering. Coming from an underrepresented background, securing this funding allows me to focus on research and open-source software contributions while continuing my technical studies.

My goal is to develop scalable digital educational solutions that help students access quality learning materials across South East Asia.
